2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2024-25 School Description and Mission Statement

Hansen School is a transitional kindergarten through 6th grade school. Hansen's population of 475 students represents a diverse population. Approximately 44% of students at Hansen are English Language Learners. The large majority of these students are Spanish speaking. Nearly 74% of the school's students are on the free or reduced lunch program. Hansen is a school-wide Title I program. Students are involved in a variety of activities that support the acquisition of the common core standards. The staff is composed of 19 regular classroom teachers, 2 SDC mild/moderate teachers, a full-time special education resource teacher, 2 Title I/RtI resource teachers, 1 speech therapist, a full-time psychologist, an school psychologist intern, and a nurse.

2024-25 School Description and Mission Statement

Going beyond the classroom, Hansen offers a variety of programs to help students achieve success. Hansen has the continued strong partnership with the Anaheim Police Department to ensure we have updated and efficient safety processes and procedures. Hansen School has supported students and parents with resources such as counseling, parenting classes, school shopping, art classes, and housing support. Hansen School also offers students enrichment and additional practice of skills in frequent Saturday Academies throughout the year. The high school "Bigs" program provides mentors for students who need additional support. The Watch D.O.G.S. (Dad's of Great Students) program enhances safety and promotes male involvement at school. Dads, grandpas, and uncles are encouraged to spend a day with their children at school. Hansen School families also have the opportunity to participate in a variety of after school programs: Boys and Girls Club and WINGS. In cooperation with our surrounding community, we continue our strong, positive relationship with the Tiger Woods Learning Center. Students in grades 4-6 have access to Music Masters. OC Sheriffs Department offers the Above the Influence program to 6th grade students. This 6-week program provides lessons on drug prevention education.

It is the mission of Hansen School, through a partnership with parents and the community, to ensure every child masters their grade level standards-based curriculum in a nurturing and safe environment. Here at Hansen School, students are encouraged to be successful, lifelong learners, prepared to accept responsibilities and challenges that may present themselves in the future. The caring and supportive staff continues to maintain a safe and nurturing environment so that all students can be successful. All staff members at Hansen will continue the implementation of the Positive Behavior Interventions and Supports (PBIS) approach to student discipline. Our goal is to reinforce positive behavior and prevent discipline problems. Students are encouraged to display their Hansen P.R.I.D.E.- Polite, Respectful, Integrity, Determination, and Enthusiasm at all times. Additionally, students can receive tier 2 intervention in "Husky Time" sessions with Title 1 teachers using the Sunday program.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The Savanna School District has implemented several core curricula aligned with state standards. The Houghton Mifflin Go Math Series, adopted in 2016, serves as the mathematics curriculum for K-6 students. In 2017-18, the District adopted Benchmark Advance for English Language Arts and English Language Development, which is used in all K-6 classrooms. Both of these programs align with the Common Core State Standards. More recently, in the 2022-23 school year, the district adopted the Amplify Science program, which adheres to the Next Generation Science Standards. For History-Social Science, the district currently uses materials from Harcourt School Publishers, adopted in 2007, but is piloting new materials and is expected to adopt new materials in the Spring of 2025. Health and Visual and Performing Arts instruction utilize various materials and strategies to support a well-rounded education.

School Facility Conditions and Planned Improvements

The staff of Hansen School strives to maintain a clean and safe learning environment for students. The principal conducts monthly assessments of the school's aesthetic and safety conditions, while the District's Director of Maintenance, Operations, and Transportation performs thorough quarterly inspections. Custodians make routine daily inspections of all exterior and interior areas. As per SB550, all facilities are in good repair. Modernization projects, funded by Measure N (2008) and Measure G (2012), have enhanced classrooms and office spaces with new furniture, upgraded wall systems, energy-efficient windows, HVAC units, plumbing, electrical systems, and roofing. The school's energy management systems remotely control HVAC units, lighting, security cameras, classroom projectors, and irrigation systems to ensure efficiency. Remodeled student restrooms feature new plumbing, energy-efficient fixtures, and durable terrazzo flooring. Security enhancements include perimeter fencing, campus-wide security cameras, paging systems, emergency notification systems, enhanced fire alarms, and increased after-hours lighting.

The Savanna School District consistently undertakes maintenance projects to uphold its high standards for quality facilities. In the summer of 2014, the school playgrounds underwent 'extreme makeovers,' featuring new age-appropriate equipment designed to enhance students' physical fitness, motor skills, balance, and upper-body strength. These renovations included poured-in-place rubber surfacing, ensuring high safety levels with minimal maintenance requirements. The district's commitment to technological advancement is evident in the successive additions of Technology Learning Centers. The first, completed in fall 2015, boasted 32 computers with a teaching station and flat-screen monitors. A second center, mirroring the first, was added in summer 2016, followed by a third in summer 2019. The summer of 2020 saw significant expansions with the addition of an Outdoor Learning Center, a new STEM Center, and extra upper grade and kindergarten restrooms. To improve student spacing during meals, two additional lunch shelters were installed in fall 2020. Throughout these developments, Hansen School has maintained its longstanding commitment to technology in education with four desktop computers per classroom and the addition of iPad carts with one-to-one devices in 2021. Most recently, in 2023, Hansen School transitioned to running a District-operated preschool on-site, further expanding its educational offerings and community support.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

There are many opportunities for parental involvement, including, but not limited to the School Site Council (SSC). SSC is a ten-person council of parents, teachers, classified staff and the principal who monitor the implementation of the Single Plan for Student Achievement and generally act as an advisory and decision-making body for the school's many programs. The ELAC (English Learner Advisory Committee) consists of parents, one teacher and the principal. Parents are given the Parent Compact at parent teacher conferences in both English and Spanish to encourage parental involvement in our school. The PTA (Parent Teacher Association) is an integral part of the school's support services through their work as parent volunteers, as program fund-raisers, and as a school-parent communication resource. The Watch D.O.G.S. (Dad's of Great Students) program enhances safety and promotes male involvement at school. Dads, grandpas, and uncles are encouraged to spend a day with their children at school. In cooperation with our surrounding community, we will also continue our strong, positive relationship with the Tiger Woods Learning Center. All parents are kept informed of meetings and events with our Parent Square messaging system and our District Website. Please reach out to the Hansen School office at 714-236-3835 for more information on volunteer opportunities.

2024-25 School Safety Plan

Hansen School has a School Safety Plan and an Emergency Preparedness Plan. These two documents cover all aspects of campus safety. The plans are on file and available in the school office to all parents as well as the general public. All safety plans are reviewed and updated on an annual basis in a public meeting. The goal is to ensure a safe and non-violent school

environment. Additional safety measures include:

- Monthly drills held for fire, earthquake, and/or secure campus scenarios.
- Staff members trained and assigned specific responsibilities for emergency operations.
- CPR/First Aid/AED training opportunities available for staff.
- Emergency supplies, food, and water are located in classrooms and at strategic locations throughout the school.
- Perimeter fencing and security cameras.
- Identification and tracking procedure for visitors who may only enter the campus through the school office.
- School-wide paging systems and two-way radios in every classroom.
- School buses have onboard security cameras.
- State-of-the-art bus pass system that tracks students entering and exiting the school buses via bus passes.
- NaviGate360 Safety system.
- Parent Square Messaging System

Professional Development

Our comprehensive professional development program emphasizes two key areas: data-driven instruction and differentiated learning aligned with Common Core State Standards across all subject areas. Throughout the year, staff members engage in extensive training covering a wide array of pedagogical approaches and educational tools to enhance student learning outcomes.

The professional development curriculum includes in-depth training on essential areas such as Explicit Direct Instruction (EDI), differentiated instruction techniques, and targeted intervention strategies. Teachers have also received training in a wide-range of programs including Thinking Maps, Write from the Beginning, Project GLAD, STEM education and technology integration. The implementation of core programs like GoMath, Benchmark Advance ELA Series, Amplify Science and iReady has been supported through dedicated training sessions, ensuring thorough understanding and effective classroom application.

To support data-informed decision making, teachers have received comprehensive training on the Illuminate Data System and iReady data analysis tools. This enables them to track student progress effectively and adjust their instructional approaches based on concrete performance metrics. Faculty members have also had opportunities to participate in specialized curricular task forces focusing on critical areas including English Language Development/English Language Arts, History/Social Studies, Mathematics, STEM, Social-Emotional Learning (SEL), Science, and Health & Wellness. These task forces allow teachers to contribute to curriculum development and share best practices within their areas of expertise.

Professional development is delivered through a flexible, multi-modal approach that accommodates different learning styles and scheduling needs. This includes full-day and half-day workshops, grade-level team collaboration sessions, regular staff meetings, individualized coaching, and demonstration lessons. Special attention is given to supporting new teachers through a robust mentorship program and targeted workshops addressing their specific developmental needs. This comprehensive support system ensures that both new and experienced teachers continue to grow professionally and stay current with the latest educational practices and standards.
