2024-2025 School Accountability Report Card (Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2025-26 School Description and Mission Statement

Twila Reid School is a transitional kindergarten through 6th-grade school. In addition, we also offer a BRIGHT Learners Pre-school Program. Twila Reid's population of 465 students represents a diverse population. Approximately 33% of students at Twila Reid are English Language Learners. The large majority of these students are Spanish-speaking. About 88% of the school's students are on the free or reduced lunch program. Twila Reid is supported by school-wide Title I funds. Students are involved in a variety of activities that support the acquisition of the Common Core standards. The staff is composed of 22 general education classroom teachers, a special education resource teacher, two Title 1 resource teachers, two counselors, one speech therapist, a psychologist, a psychologist intern, and one Licensed Vocational Nurse. Support services at the school include clerical, custodial, tech intern, and maintenance. Our teachers create a system of small group instruction tailored to meet the needs of our students. Each grade level works as a collaborative team with the Resource Specialist and a Title 1 teachers to provide instruction for students in need of intensive academic intervention.

Going beyond the classroom, Twila Reid offers a variety of programs to help students achieve success. We continue a strong partnership with the Anaheim Police Department to ensure we have updated and efficient safety processes and procedures. Twila Reid has supported students and parents with resources such as counseling, parenting classes, school shopping, and housing support. Savanna School District also offers students enrichment and additional practice of skills in frequent Saturday Academies throughout the year. The High School "Bigs" program provides mentors for students who need additional support. The Orange County Sheriff's Department also brings a six-week program to our sixth graders once a week called Above the Influence Program that covers drug prevention. Twila Reid families also have the opportunity to participate in a variety of community programs to help support them: Boys and Girls Club, Phoenix House, and BRIGHT Learners Preschool. In cooperation with our surrounding community, we will also continue our strong, positive relationships with the Tiger Woods Learning Center this year. Savanna School District also augments the academic program by giving opportunities in the arts. Students in grades 4- 6 have access to the STRINGS program. All students are offered opportunities, during the school day, to develop their love for theatre, dance, and choir through our Visual Arts and Performing Arts (VAPA) program. Additionally, all students are provided access to the Meet the Masters art program.

It is the mission of Twila Reid School, through a partnership with parents and the community, to ensure every child masters their grade level standards-based curriculum in a nurturing and safe environment. Here at Twila Reid School, students are encouraged to be successful, life-long learners, prepared to accept responsibilities and challenges that may present

themselves in the future. The caring and supportive staff continue to maintain a safe and nurturing environment so that all students can be successful. All staff members at Twila Reid will continue the implementation of the Positive Behavior Interventions and Supports (PBIS) approach to student discipline. Our goal is to reinforce positive behavior and prevent discipline problems. Students are encouraged to display Twila Reid “R.O.C.K.” behavior- and that students can be “R”esponsible, “O”wn their Actions, be “C”aring, and “K”ind at all times. In addition to this positive behavior system that is taught to all students, we also have counselors devoted to Social Emotional counseling. We provide instruction proactively to help students work together cooperatively as a community.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The Savanna School District has implemented several core curricula aligned with state standards. The Houghton Mifflin Go Math Series, adopted in 2016, serves as the mathematics curriculum for K-6 students. In 2017-18, the district adopted Benchmark Advance for English Language Arts and English Language Development, which is used in all K-6 classrooms. Both of these programs align with the Common Core State Standards. In the 2022-23 school year, the district adopted the Amplify Science program, which adheres to the Next Generation Science Standards. More recently, in the spring of 2025, the district adopted McGraw Hill's IMPACT California Social Studies program, which was rolled out to all school sites in the 2025-2026 school year. For Health, the district utilizes a variety of materials and strategies to support a well-rounded education. Also implemented in the 2025-2026 school year, the district introduced TOSAs who teach visual and performing arts classes to all students, including choir, dance, and theatre arts. Students participate in nine-week rotations that provide grade-level lessons across all three areas of the aforementioned arts.

School Facility Conditions and Planned Improvements				
<p>The staff of Reid School is committed to maintaining a clean and safe learning environment for students. Regular assessments ensure high standards are met: the principal conducts monthly evaluations of aesthetic and safety conditions, while the District's Director of Maintenance, Operations, and Transportation performs quarterly inspections. Daily, custodians routinely inspect all areas of the school. Modernization projects, funded by Measure N (2008) and Measure G (2012), have significantly enhanced the campus. A new Outdoor Learning Center serves as the 'heart' of the school, celebrating student success. Playgrounds received 'extreme makeovers' with age-appropriate equipment and safety-focused poured-in-place rubber surfacing. Classrooms and offices were upgraded with new furniture, wall systems, energy-efficient windows, HVAC units, plumbing, electrical systems, and roofing. The school implemented comprehensive energy management systems and enhanced security measures, including perimeter fencing, cameras, paging systems, and improved lighting. Student restrooms were remodeled with new plumbing, energy-efficient fixtures, and durable terrazzo flooring. Childcare programs were strategically relocated for better parent access outside office hours.</p> <p>Reid School has consistently improved its technology infrastructure to support high-quality education. In fall 2015, the first Technology Learning Center was introduced, followed by a second in summer 2016, each equipped with 32 computers and flat-screen monitors. A STEM Center was added in summer 2018, featuring additional flat-screen monitors, whiteboard walls, and computers. The 2020-2021 school year saw the addition of a new lunch shelter to improve student spacing during outdoor meals. Each classroom is equipped with four desktop computers and a mobile cart containing a full class set of iPads. Most recently, in 2023, Twila Reid School transitioned to running a District-operated preschool on-site. These ongoing enhancements reflect the school's commitment to providing a modern, technology-rich learning environment while adapting to evolving educational needs.</p>

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates					
This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

When parents partner with the school in their children’s education, everyone benefits. Research consistently shows that active parent involvement leads to higher student achievement, better attendance, lower dropout rates, and reduced delinquency. Families truly play a powerful role in supporting student success. At Twila Reid Elementary School, this collaboration is strengthened through our School-Parent Compact. When parents, students, and school staff work together, student achievement grows. Twila Reid is committed to working hand-in-hand with families and the community to provide a rich, safe, and engaging learning environment.

Parents can get involved in many meaningful ways. The School Site Council—made up of parents, teachers, classified staff, and the principal—oversees the implementation of the Single Plan for Student Achievement and serves as an advisory and decision-making group for school programs. The English Language Advisory Committee, which includes parents, teachers, and the principal, provides valuable input on the needs of our English language learners.

Our PTA (Parent Teacher Association) plays an essential role at Twila Reid. Through volunteer support, fundraising efforts, and strong communication between home and school, the PTA enhances many of our programs. They also bring our community together through after-school events such as book fairs, Book Bingo nights, Fall Festival, Winter Wonderland, and other fun family activities.

Parents are always welcome on campus—whether volunteering in classrooms, attending award ceremonies, or joining schoolwide events like Read Across America and the Bubble Run. Families stay informed through ParentSquare and our District Website. The website also highlights many ways parents can participate, including attending parent-teacher conferences, reading with small groups, helping in the library, joining PTA meetings, assisting with Book Fairs, chaperoning field trips, supporting school events, sharing about their profession, attending student performances, participating in advisory committees, and more.

For parent volunteering opportunities, please contact the school office at 714-236-3845.

2025-26 School Safety Plan

For the 2025–2026 school year, the school transitioned from an individual Comprehensive School Safety Plan to a District Wide Comprehensive School Safety Plan, consistent with California Education Code requirements for districts with an average daily attendance of 2,500 or fewer students.

The District Wide Comprehensive School Safety Plan is reviewed and updated annually. The District Safety Committee will meet in late January 2026 to review and update the plan. The safety plan will then be submitted to the Governing Board on February 10, 2026 for consideration and approval, in accordance with California Education Code requirements.

The plan outlines procedures to support a safe and secure learning environment, including emergency preparedness and response, campus supervision and access control, threat assessment and reporting, coordination with local law enforcement and emergency services, and practices related to school climate and student safety. Staff review the plan annually to ensure awareness and consistent implementation.

Additional safety measures include:

- Monthly drills held for fire, earthquake, and/or secure campus scenarios.
- Staff members trained and assigned specific responsibilities for emergency operations.
- CPR/First Aid/AED training opportunities available for staff.
- Emergency supplies and food and water located in classrooms and at strategic locations throughout the school.
- Perimeter fencing and security cameras.
- Identification and tracking procedure for visitors who may only enter the campus through the school office.
- School-wide paging systems and radios in every classroom.
- School buses have on-board security cameras.
- State of the art bus pass system that tracks students entering and exiting the school buses via bus passes.
- Navigate Prepared Safety system.
- ParentSquare parent notification system.

Fiscal Year 2024-25 Types of Services Funded

The general fund income for the Savanna School District includes revenues from local, state, and federal sources. This money is used to pay for teacher and support personnel salaries, health and welfare benefits for employees, instructional supplies, utilities, staff development, and equipment needs in the district.

Students identified with disabilities receive appropriate support and services in the least restrictive environment. Supports include small group pull-out and/or push-in services provided by education specialists and support staff.

English learners receive targeted support based on need and language ability. Teachers provide integrated and designated English language development during the school day.

Twila Reid school also receives Title 1 funding which is used for students in need of intervention.

Professional Development

Our comprehensive professional development program emphasizes two key areas: data-driven instruction and differentiated learning aligned with Common Core State Standards across all subject areas. Throughout the year, staff members engage in extensive training covering a wide array of pedagogical approaches and educational tools to enhance student learning outcomes.

The professional development curriculum includes in-depth training on essential areas such as Explicit Direct Instruction (EDI), differentiated instruction techniques, and targeted intervention strategies. Teachers have also received training in a wide-range of programs including Thinking Maps, Write from the Beginning, Project GLAD, STEM education and technology integration. The implementation of core programs like GoMath, Benchmark Advance ELA Series, Amplify Science, IMPACT California Social Studies and iReady has been supported through dedicated training sessions, ensuring thorough understanding and effective classroom application.

To support data-informed decision making, teachers have received comprehensive training on the Illuminate Data System and iReady data analysis tools. This enables them to track student progress effectively and adjust their instructional approaches based on concrete performance metrics. Faculty members have also had opportunities to participate in specialized curricular task forces focusing on critical areas including English Language Development/English Language Arts, History/Social Studies, Mathematics, STEM, Social-Emotional Learning (SEL), Science, and Health & Wellness. These task forces allow teachers to contribute to curriculum development and share best practices within their areas of expertise.

Professional development is delivered through a flexible, multi-modal approach that accommodates different learning styles and scheduling needs. This includes full-day and half-day workshops, grade-level team collaboration sessions, regular staff meetings, individualized coaching, and demonstration lessons. Special attention is given to supporting new teachers through a robust mentorship program and targeted workshops addressing their specific developmental needs. This comprehensive support system ensures that both new and experienced teachers continue to grow professionally and stay current with the latest educational practices and standards.
